

## MISSION STATEMENT

For

R E V A CO-OPERATIVE

EIN: #80-0178778501(c) (3) Public Charity

R E V A CO-OPERATIVE is a non-profit, spay and neuter mobile Veterinary clinic. This public charity has been formed to diminish the numbers of abandoned, abused, and killed pets in The Kern River Valley. This public charity hopes to accomplish the task of alleviating the over-population of the unwanted innocent pets through a quality spay and neuter mobile Veterinary clinic program.

The organization will also use their time and energies to educate the public on their responsibilities of pet care, and of the benefits of spaying and neutering their pets. We will help the community realize the benefits of caring for feral cat colonies by the trap, spay and neuter, and release program. Because we are a mobile unit, we will be able to target neighborhoods in most need of our services.

R---responsible,

E---ethical,

V---volunteers,

A---animals
